Eltec Volare

Eltec HLB

The Eltec HLB is our most popular elevator. Renowned for its adaptability, each element can be customised, and the cabin size scaled as required. The ingenious design eliminates the need for a motor room and the counterweight system makes it one of the most energy-efficient lifts available.

Electric Elevator / European A-Grade Energy Class

Customise Your Elevator

Create a truly unique elevator experience by choosing from an extensive range of doors, wall panels, flooring, control panels, ceilings and more.
